Human Resources and the University Benefits Committee invite you to learn about what a high deductible health plan and health savings account could mean for your University benefits. As medical plan choices are reviewed for calendar year 2016, your feedback is needed!

We will evaluate the features of a High Deductible Health Plan (HDHP) with a Health Savings Account (HSA) and ask for your input and response, as Human Resources explores the possibility of offering an HDHP with HSA.

Off-Campus Employees: In the event that you are not able to attend due to your remote work location, you may wish to join via audio conference by dialing 970-491-2607 the day of the event.
